## **Your Wedding...My Artistic View...Our Work Of Art!**

Artistic View is owned and operated by Sandy Schrock who has been photographing weddings for fifteen years. Her philosophy is that photography is an art and every wedding should be captured in an artistic storytelling way.

Artistic View will focus on you and the uniqueness of your day. With our artistic process and low key approach, we will capture all of the exceptional moments of your wedding day. From classical, beautiful moments to fun and spontaneous, we will create a storybook album to be remembered. We Love Weddings!

We are a small studio that is dedicated to serving our clients. Our consultations are by appointment to ensure that your time spent with us is completely dedicated to you. Our attentiveness to you allows us to capture all of the important details on your special day.

All wedding packages come with free planning of your day. We will help plan a stress free day and keep everything running smoothly and on time! Most of our packages come with a second photographer. They will back up the primary photographer and shoot from different angles to add another dimension of creativity.

Choose a wedding photographer very carefully. Base your decision on personality and their work – not price. After all, you will be working closely with them the majority of the day. It's easy to smile for someone you like. Choose a skilled professional and the end result will be lasting, lifetime memories of your special day.

Thank you for considering Artistic View Photography!
